

Troubled by the shortage of legal talents,
lawyer outsourcing services can help you solve the problem quickly!

LPO

Legal Process Outsourcing service

Fully managed services

Reduce staff expansion costs and talent development burden

Cross-border business support

What is "LPO" ?

Are you facing the following troubles?

"Even after posting a job posting, it's difficult to find suitable legal talent."

"The workload is huge, and the legal department is under-resourced."

"The advice from consulting lawyers is often fragmented and incomplete, failing to fully address the issue."

"Even after investing in recruitment, there's concern about the long-term retention of talent."

In order to respond to these needs, lawyers serve as your company's "Legal Department" and undertake corporate legal affairs.

- ☒ Comprehensive support for legal department-related tasks
- ☒ Can be directly integrated into the company's existing business processes
- ☒ Communications and other matters can be handled through the company's internal communication platform

Corresponding business

Contract review and formulation

Training and guidance of legal personnel

Establishment and implementation of governance structure

Formulation and implementation of internal company regulations

Operation and support of shareholder meetings, etc.

Daily legal consultation
